Waterproofing Solutions
From Basement To Roof

POLYURETHANE MEMBRANES

Oxibond 4500

One-pack, water based polyurethane membrane.

دهان بوليورثان مائي مانع للنش.

- Light traffic areas
- Over bitumen rolls
- Roof & cool roofs
- Under-tiles
- Kitchens

Oxibond 4250

One-pack, solvent based polyurethane membrane.

دهان بوليورثان مطاطي مانع للنش.

- Medium traffic areas
- Over bitumen rolls
- Roofs
- Under-tiles
- Kitchens

Oxibond 4300

Polyurethane membrane.

دهان مانع للنش خاص مياه الشفاء.

- Potable water reservoirs
- Water channels
- Water pipes
- Tanking

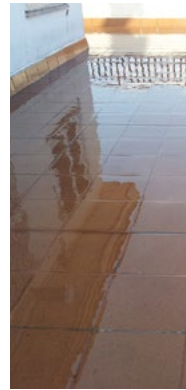

Oxibond 4300 Pool

Polyurethane membrane.

دهان للأحواض السباحة.

- Swimming pools
- Fountains
- Water tanks
- Water channels

Oxibond 4900

Transparent elastomeric polyurethane membrane.

طبقة مطاطية شفافة مانعة للنش خاص ليلط السراميك الخارجي.

- Roofs
- Balconies
- Terraces
- Tiles

or when conserving the decorative aspect of the substrate is needed.

Oxibond 4600

Solvent based, cold-applied, cold-curing, bitumen extended polyurethane membrane.

زفت بوليورثان للأساس البناء، مانع للنش.

- Foundations
- Retaining walls
- Under-tiles in bathrooms
- Terraces & roofs
- Asphalt & bitumen felts

ACRYLIC

Oxibond 4001

Clear acrylic waterproofer.

اكريليك شفاف مانع للنش.

Waterproofing of building facades.

Oxibond 4002

White acrylic waterproofer.

اكريليك أبيض مانع للنش.

Waterproofing of building facades.

Oxibond 4008

Food grade, one-pack, acrylic, high-build membrane.

اكريليك عالي اللزوجة مانع للنش يصلح لخزانات المياه و أحواض الأرزع.

- Roofs and facades
- Under-tiles
- Food plants
- Potable water tanks
- Can be tinted

Oxibond 4005

100% acrylic, clear, anti-carbonation protective varnish.

فربيش للحماية مكافح للكربنة.

When a protective top coat film over decorative finishes is required. Available in flat, satin and gloss finishes.

SILOXANE

Oxibond 4006

Clear, solvent based polysiloxane water repellent.

حماية للحجر الصخري من دون طبقة - تغطي.

For vertical rough & smooth stonework, brickwork, porous and semi-porous surfaces.

Oxibond 4007

Clear, water based polysiloxane water repellent.

حماية للحجر الصخري من دون طبقة - مائي.

For vertical rough & smooth stonework, brickwork, porous and semi-porous surfaces.

ASSOCIATED PRODUCTS

Oxibond 4750
Oxibond 4800
SX0 PrimeWell
SX9 HumiGuard
Epoxy primers.

أساس إيوكسي شفاف.

Sealing concrete and providing added grip to subsequent surfaces. SX9 HumiGuard also acts as a humidity barrier.

Oxibond 4100

Polyurethane elastomeric filler.

معجون بوليورثان مانع للنش.

For caulking and movement-joints sealing.

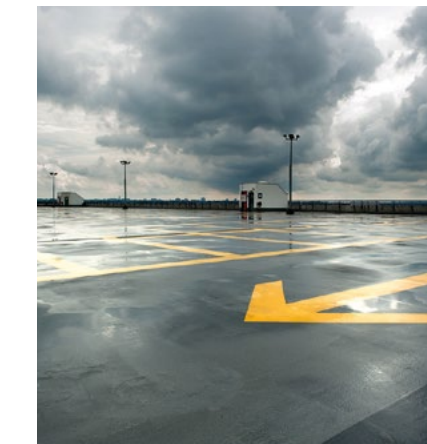

Oxibond 4950

fiberglass reinforcing mesh.

نسيج مقوي يستعمل مع ٤٥٠، ٤٥٠، ٤٠٠٨ ...

Reinforcing of joint and angled sections with Oxibond® 4250, Oxibond® 4500 & Oxibond® 4008, etc.

Oxibond 4420

Pu top coat.

دهان بوليورثان مقاوم للإصفرار - وجه نهائي مقاوم للسيارات.

Use on top of Oxibond 4250 for surfaces with high traffic. Can also be used on epoxy in exterior to protect from UV Rays.

Oxibond 4900 Top Coat

Pu top coat.

طبقة حماية ناشف تستعمل عند الحاجة فوق ٤٩٠٠.

Used for finishing over Oxibond® polyurethane coatings when a matt finish is desired.
